The threat of weapons of mass destruction (WMD) and terrorism poses unique challenges for our nation and its communities. Recent terrorists events have put the world on notice that WMD attacks can occur with massive and dire consequences. Short of an actual event, training and exercises are the best means to gain experience, revise procedures, and evaluate preparedness strategies.

This course is part of a training program provided by the Utah Department of Health, University of Utah and the Biological, Nuclear, Incendiary, Chemical and Explosive (BNICE) Training Center to educate health care and public safety workforce on the principles of preparing for, and responding to, a weapons of mass destruction event.

The **BNICE-WMD Clinical Care Course** is a focused intensive 5.25 hour class designed to give health care providers a comprehensive understanding of the acute health effects of a BNICE agent exposure; recognition of signs and symptoms indicating a possible BNICE event; and appropriate measures to be used in a BNICE situation. Participants will also gain familiarity with the unique aspects of triage, mass casualty considerations, and decontamination procedures for patients and health care workers during a BNICE event.

COURSE OBJECTIVES

Upon completion of the WMD Clinical Care Course the participant will be able to:

- 1) Identify the key elements and characteristics of the BNICE terrorist threat;
- 2) Describe the management of chemical warfare victims;
- 3) Describe the various types of biological warfare agents and recognize the signs and symptoms of exposure;
- 4) Describe the principles of diagnosis, treatment, and management of radiation casualties;
- 5) Outline common injuries and management strategies associated with blast injuries; and
- 6) Describe the scope of affected persons during a disaster.

REGISTRATION

Please pre-register at least two weeks prior to the course date to ensure a proper food count.

Fax or mail your completed registration form to:
BNICE Training Center
777 Bannock Street, Mail Code 8800
Denver, Colorado 80204-4507
Fax: 303-436-5034

Confirmation letters will be emailed.

Questions: Email info@bnice.org or call 303-436-5075 or 801-538-6614.

THE BNICE TRAINING CENTER IS FUNDED BY THE NATIONAL INSTITUTE OF ALLERGY & INFECTIOUS DISEASES AND HRSA, A DIVISION OF THE U.S. DEPT. OF HEALTH & HUMAN SERVICES.

SPEAKERS

Stephen Cantrill, MD - Dr. Cantrill is currently the Associate Director of Emergency Medicine at Denver Health. He is also an Associate Professor in Emergency Medicine at the University of Colorado Health Sciences Center. Dr. Cantrill has extensive experience as Medical Coordinator for WMD exercises including TopOff 2000 and the Nunn-Lugar-Domenici WMD initiative. He has been appointed to the Governor's Expert Emergency Epidemic Response Committee. Additionally, Dr. Cantrill has testified twice before the US Senate on bioterrorism preparedness and response in May 2001 and October 2001.

Peter T. Pons, MD - Dr. Pons is an emergency physician and member of the staff at Denver Health Medical Center. He has been actively involved with prehospital care and disaster preparedness for over 25 years. Dr. Pons served as the medical director for emergency medical preparedness for City of Denver events such as World Youth Day and the Summit of the Eight and chaired the curriculum committee for the Colorado BNICE Training Center.

CONTINUING EDUCATION CREDIT

Physicians: This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Medical Education Collaborative, Inc. (MEC) and Denver Health Medical Center. MEC is accredited by the ACCME to provide continuing medical education for physicians. Medical Education Collaborative designates this educational activity for a maximum of 5.25 category I credits towards the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

Nurses: Approved for 6.4 contact hours of continuing education for RNs, LPNs, LVNs, and NPs. This program is cosponsored with Medical Education Collaborative, Inc. (MEC) and Denver Health Medical Center. MEC is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Pharmacists: 5.25 contact hours (.525 CEUs) of credit for pharmacists. Approval of the course for pharmacists is under cosponsorship agreement between Medical Education Collaborative, Inc. (MEC) and Denver Health Medical Center. MEC is accredited by the Accreditation Council of Pharmacy Education as a provider of continuing pharmacy education. ACPE #815-999-04-618-L04. The program is designed for all pharmacists.

Dentists: Dental professionals will receive 5.25 credit hours for this program. This activity has been planned and implemented in accordance with the standards of the Academy of General Dentistry Program Approval for Continuing Education (PACE) through the joint program provider approval of Medical Education Collaborative, Inc. (MEC) Code #209828 and Denver Health Medical Center. The formal continuing education programs of this program provider are accepted by AGD for Fellowship/Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry. The current term of approval extends from June 1, 2005 through May 31, 2009.

In order to receive CE credit, participants must attend the WMD Clinical Care Course and fill out a post-activity evaluation and credit request form. Certificates will be mailed 6-8 weeks after the event.

Questions regarding the accreditation of this program should be directed to Medical Education Collaborative at (303) 420-3252.

This program is jointly sponsored by Denver Health Medical Center and Medical Education Collaborative.
